You are way nicer than I deserve. Thanks for not being upset that I can't get online to do it right now. I'm rushing to get ready and there-don't want you to have to wait.

Also I miss you. It's making me grumpy. I'm going to try to get you on an earlier flight out of Newark in Sunday. I may not be able to till tomorrow but I'm gount to go ahead and try today. Pray it works so I can get you home faster.

Did I mention I miss you?

I'm sorry that you aren't getting to eat w gringos and have a break from the Asians. I'm thankful though that you aren't going on a motorbike with an Asian. Good call. Why do they go on Saturday?

I am praying for you and kept doing so every time I woke up last night (I kept waking up still-sheesh). Lemme hear from you if you decide to go out. I'll be online when I get to work. Manillions and Manillions!!!!

hey nothing in my emails that cannot wait till you get internet. Just things I have been wanting to address and it looks like it may be time to take Reaching & Teaching to the next level and those are some first steps. I just got back to room and am chilling for a minute. i may go to eat tonight with that guy depending on his wwife's health. Never heard from BV again. I was asked to go with a guy to church tomorrow AM but it was motorbike-man and will be all in Nepali so I think I will finish packing instead.

Just got up and got your emails- my Internet is still not working (they're coming back today) so I'll have to do/fix all this as soon as I get to work as its not anything I can do on my iPad. I'm sorry for 1. Anything and everything I messed up 2. That you have to wait till I get there. 3. For being a general poc

I hope your last day of class was good and easy and that you get something fun somehow. Let menknow how you are doing!
